fine minister and man; and the congregation is a wonderful group of people.

I've had the good fortune of knowing a fine girl from Tampa, who goes to school at our A.S.C.W. and attends our church. You rate very high with her for she says she really likes to go to your sermons. Her name is Miss Ella May Guirby...

Well, I don't know when I'll be up that way again, but if I'm here in April I'll get a furlough and we can play a bit of golf.

Again I'll tell you how much I enjoy the Trinity Service Bulletin, and all the responsible persons are to be commended for their unswerving efforts.

Always,
Faithfully Yours,
Edgar
