Dear Mr. Anderson:

I would like to tell of my appreciation for having been placed on the mailing list of the "Monthly Service Bulletin". Not knowing how to express my gratitude, however, I feel that about all I can say is that I do look forward to receiving the Bulletin which gives the whereabouts of friends and acquaintances which still mean so much to me. Although I have returned to the States after a year and a half overseas I would still like to receive the Bulletin.

I look forward to the days when I may return to your church and enjoy the peaceful days we all once shared.

At your convenience I would like the Bulletin sent to my changed address below.

I would again like to thank you and those who make it possible for us to get part of the "good work" which you are turning forth.

Very truly yours,
Zletcher Finley,
