My dear Mrs. Collins Taylor:

I was very happy to receive your card telling me about William and to know that he spends his spare-time in wholesome company.

It is a wonderful service that you are doing and must certainly keep the boys in good spirit.

I am enclosing a small token, ^{for the church} of my appreciation

for what you have done
for my son and for what
you are doing for all the
boys who come to your
open house on Saturday
nights.

Thanking you again I
remain

Very sincerely yours

Mrs. Fred Galvani
