Kind sir

I sure am grateful for the news Bulletin
I saw some of the boys names that I
had forgotten since school days.

My Battalion has received its flag and
colors and awaiting our orders.

I hope we go across soon and get
this war over with so we can all
go back home and live a peaceful
life. My few days at home were more
like a dream everything was so nice.
I was glad to see every body.

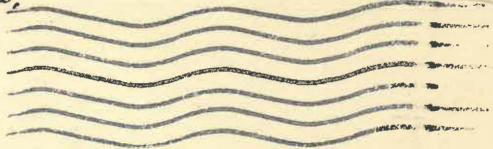

Thank you kindly
