CAMP PARKS . CALIFORNIA

Sentatman .

I have just rec- and finished reading
the bulletin and it was certainly
welcome, and I heartily agree with
the boys in saying that they would
swap the rest of the country for
good ole Tallahassee. The only place
that I have seen that I thought
would come up to Tallahassee for
looks and nutness of homes is
Oakland California, of course there
is some nice scenery that anyone
would enjoy seeing, but after
considering everything I can say
with a truth take me back to
Florida and home, as we don't
get news and I don't know
anything to write I will close
looking for the next bulletin
I thank you all. Simon R. Gray
