

January 3, 1943

Trinity Methodist Church
Tallahassee, Fla

I don't know exactly whom I should address this to but I know it will fall into the right hands.

I want to thank you for sending the bulletins and programmes you have sent from time to time. I do appreciate them. Although I am not far from home like so many of the fellows it does make you feel good to know the people at home think about you.

This is my first Sunday at work and it does not feel right. I slipped over to the Chapel for services this morning and heard a very good sermon, however I would have liked to be at Trinity Methodist listening to Dr. Anderson.

We have all facilities for recreation and worship and the Chapel is open at all times and the Chaplain eager to help.

Thanks again for the bulletins.

Sincerely,
Paul Johnson
