

23 December 43

Dear Mrs. Thompson:

Thanks much for the Service Bulletin which I've been receiving for the past several months. It is newsworthy — interesting — and much to be desired by those away from home.

The first two persons I saw from home after coming out here were Buddy League and Wavis Hill. That was several months ago and we've not got together since.

Have seen Hugh Embury, Wintourank, Chaplain, Methodist, — from Quincy several times. Hugh and I were classmates at the University. Am sure Mr. Anderson, and you too, perhaps, know Hugh. — all told, I've run into a dozen Florida boys — and it's been good to see them.

Hope to get up to see you when this damn mess is ended. In the meantime, my regards to Mr. F. and the children (and they'd probably resent "the children") and thanks again for the paper.

Sincerely,
John C. Knight
