ARMY AIR FORCES TECHNICAL SCHOOL
GULFPORT FIELD, MISSISSIPPI

Thursday
Oct. 7, 1943

Dear Reverend Jack,

Well we are finally away from Miami and are going to school, it is a small base here and I am sure I will like it, for I have already seen some old friends from home, S/Sgt George Crox and I spend a very enjoyable evening together last night and I think he likes the air force as much as I do. Because he really thinks its swell, I wonder if it would be possible for you to send Bernard "Sonny" Van Buren address to me next month in the Paper so I can write to him. Thanks for sending me the Paper every month I really enjoy it

Yours Truly
