CAMP CROWDER
MISSOURI

Dear Sir

I really appreciate the literature and news you sent. It makes a very good & see what's going on, when he's a far way from his friends and home. I passed the book, "Yppu Room", around the barracks and all the boys seemed to enjoy it. We really have good boys in the army, although some people seem to think different.

It really hurt me to see that Robert Lu had had a accident. I hope he isn't seriously ill other than his hand. Will you please give my regards to all the boys. It is hard to write when you are going to school as I am. There isn't much time to yourself. We are really kept busy here drilling.

Sir, - please excuse the crude way I have in expressing myself, but I really appreciate what you and the people are doing and I know

the rest of the boys feel the
same way.

Sincerely,

Cpl. Hayward Roberts
