Dear Rev. Haynes,

Corisca,

Since I received your letter about 10 days ago, I have been so busy, that I haven't had time to write letters other than to my wife, but now everything has gotten well under way so I have the time, and pleasure to answer your very interesting letter of July 21st. I know Dr. Anderson hated to leave Tallahassee, but I know he will be very happy any where he is, because he really loves his work.

The last time I wrote to you I told you that I hadn't been to church since I have been here in Corisca. Now I am happy to tell you that I have been to church several times since then. We have a very good Chaplain here, and he can really get his sermon across in a good manner.

Yes my wife keeps me well posted on the activity in the church, and in the city of Tallahassee. I am very glad to be a member of the same church as she. When two persons are married I think it is a very good idea if both of them belong to the same church.

She my wife is very attractive, and a very good conversationalist, and I am very happy that I chose her as my wife. She is my ideal of a perfect wife, and I love her with all my heart.

If you have ever seen a happy person. You should see some of these Frenchmen over here. They would surpass any of the others that you have ever seen. Since Paris, and some of the other cities of France have been liberated they can't get enough of celebrating. They are really a happy race of people although the war isn't over yet, but I guess the Americans will be the happiest when the war is over. When all of us soldiers can return to our love ones, and resume our happiness we can give thanksgiving to God for his tender care, and his guidance in the past.

Please remember my wife and me in your prayers and all the other soldiers and their love ones, and all the allied nations. And thanks again for your very nice letter.

one of your members,

T. E. Shue
