Dear Brother Anderson:

I have received the very interesting news bulletin each month. It really is good to keep up with so many Tallahasseeans in the service.

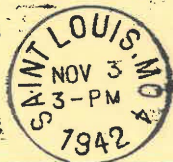

For the present, at least, I am very pleasantly located at the U.S.N.R.A.B., Lambert Field, St. Louis. My duties are those of a flight instructor in the primary phase of Naval Aviation.

Thanks again for the newsy letters.

Very truly yours,
Tommy Van Bunt

P.S. It looks as though I'll see my first snow in the near future. HMB
