Brother Anderson -
Sunday a.m.

Happy Days in Atlantic City. No other resort compares with the Playground of the World, because nowhere else can you find the varied entertainment program, the array of fine restaurants and hotels, theatres and piers, and the world's finest beach Boardwalk.

Appreciate your Christmas of our daughter & the folks you gave us before we left for boarding. Did not think I would ever be this far from home but this is war. They really put you through some hard training here. They plan to send me to a higher medical school because of my family. My best regards to you & your family. Sincerely
Walter Anderson
