

LOUIS E. WINCHESTER
1ST LT., CORPS OF ENGINEERS
ASST. AREA ENGINEER
U. S. ENGINEER OFFICE
FORT BARRANCAS, FLORIDA

July 12, 1942
Ft. Barrancas, Fla

Dear Dr. Anderson,

Last week I received a copy of the first edition of the Monthly Service Bulletin of the Trinity Methodist Church.

It's a splendid idea!! Keep it up. You have no idea how vitally important it is to service men to hear about other fellows in the service and to know what's going on in the home town.

I am at the present assigned to duty at Ft. Barrancas, Fla, with the Corps of Engineers on construction duty. We are working seven days a week and about four ten hours a day in an

effort to provide proper facilities
for the men stationed here. It's
interesting work, but gets rather
tiring to work all day and half
the night every day.

I'll be looking forward to
the next copy of the
"Bulletin," so be sure to keep
my name on the mailing list.

Finatermally yours

Javis Winchester
